## CREW & PASSENGER FACILITIES

Take time to relax in the comfortable seating area, complete with TV and Wi-Fi access. Complimentary tea and coffee is also provided for crew and passengers.

Should you have any specific requests, there is always a member of staff on hand to assist with your requirements.

## IN-FLIGHT CATERING

Our operations team will be pleased to assist with the organisation and collection of in-flight catering.

Through our charter flights, we have built strong links with many of the local catering suppliers – able to provide you with catering to match passenger requests and budget.

## HOTELS & TRANSPORTATION

Preferential rates with local hotels ensure crews have access to the most suitable arrangements for overnight layovers.

Transfers to and from the airport are just a phone call away – reducing waiting times and allowing passengers and crew to make the most of their valuable time.

## CREW BRIEFING

Flight plan delays, cancellations and re-filling can all be completed by the operations team who have access to CFMU, AFPEX and the latest flight planning tools.

Briefing computers with full access to the internet, allow for the printing of weather and NOTAMs prior to departure.

## AIRCRAFT STOCK

Drinks and dry snacks suitable for in-flight refreshments are available to purchase (subject to availability).

In addition, basic cleaning equipment is available for use with more in-depth requirements available through external cleaning companies.

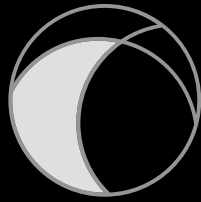

## FLIGHT MONITORING

By booking your movement with us, passengers and drivers can report to our facilities where they are able to receive the latest information on your flight.

Tarmac transfers and passenger escort can be arranged if required.
